

## CACHE COUNTY SUB FOR SANTA

Applications have been available since mid October for the Cache County Sub for Santa program. Locations for applications include all Cache County libraries, Cache Community Food Pantry, Dept of Workforce Services, both locations of Somebody's Attic (Logan, Smithfield), LDS Employment, and the H.E.A.T. and B.R.A.G. offices.

Due to the care and detail taken with each family, the deadline needs to be **December 5** this year, for the consideration of applications. That's only a few weeks away! Please help us get the word out to your employees, volunteers, neighbors and those Cache County residents you serve.

*Just talk about it.....you don't always recognize the outward signs of a family in need.*

Mail completed applications, in the envelope attached to the application, as quickly as possible.

All questions, [435-752-6315](tel:435-752-6315), or email, [cachecountysubforsanta@gmail.com](mailto:cachecountysubforsanta@gmail.com)

Sponsor monetary donations and gifts are needed as well. And yes, we say this every year because everything gets distributed each Christmas and we start all over again for the next year! It's an ongoing, never-ending request that Cache County friends and neighbors have generously supported for decades.

It's true that this program isn't designed to solve ALL the worlds' problems, but for 1 day out of the year, at least, you've helped ease the burden for a struggling family and they could, in the future, do that for someone else.....so, maybe that DOES help our world?!?

Thanks to all who have been part of this unique valley tradition!
